WEEE Compliance Statement

Supporting the Green Environment has always been IPEVO Corp.'s policy, hence we are committed to providing our customers with environmentally products that meet the requirements of Green Environment throughout the designing, manufacturing and shipping processes. And, we guarantee that all our products are compliant with WEEE.

WEEE

IPEVO's products comply with the Directive 2012/19/EU OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 4 July 2012 on waste electrical and electronic equipment (WEEE).

Waste Electrical and Electronic Equipment Information

This product has required the extraction and use of natural resources for its production. It may contain hazardous substances that could impact health and the environment, if not properly disposed. In order to avoid the dissemination of those substances in our environment and to diminish the pressure on the natural resources, we encourage you to use the appropriate take-back systems for product disposal. Those systems will reuse or recycle most of the materials of the product you are disposing in a sound way.

The crossed out wheeled bin symbol informs you that the product should not be disposed of along with municipal waste and invites you to use the appropriate separate take-back systems for product disposal.
