

PORTABLE VOIP CONFERENCE PHONE

LIGHTWEIGHT SKYPE CONFERENCE PHONE THAT TRAVELS WITH YOU

TR-10

Ideal for hands-free Skype conversations and small group conferencing

TR-10 can be used in an upright stance as a personal speakerphone, flat on the desktop for conferencing with up to 4 people.

Built-in handset for private conversations

TR-10 provides additional versatility with its built-in handset. Simply pick up the device, toggle-switch to handheld mode for private conversations.

One-touch recording function

With the built-in recording software, TR-10 is a high quality voice recorder that allows you to store Skype meeting notes conversations onto your computer in WAV file format.

Exceptional voice quality in a compact design

Designed and engineered exclusively for Skype, TR-10 delivers exceptional sound quality through full duplex technology with 16 bit DSP. The unique "hollow" mouthpiece design minimizes the annoying "echo" effect commonly associated with Skype calls.
